

This listing of claims will replace all prior versions, and listings, of claims in the application:

Listing of Claims:

1. (Currently Amended) Apparatus for discharging fractions for planar microstructured analytical systems, the apparatus for discharging fractions essentially consisting essentially of a branched channel system, at least three transport electrodes, at least one detection apparatus upstream of a branching point of the channel system and an electrical switching apparatus.
2. (Currently Amended) Apparatus according to Claim 1, wherein ~~characterized in that~~ the detection apparatus is an electrochemical detector.
3. (Currently Amended) ~~A Use of an apparatus according to Claim 1 in a~~ planar microstructured analytical system comprising an apparatus according to claim 1.
